PUBLIC HEARING – Pre-Zone RZ-2006-04 – Pre-zoning of a 20-acre parcel, west side of 10th Avenue south of Kamm Avenue (Assessor’s Parcel Number 394-021-14) – Report prepared by Planning and Development Director Terry Schmal.

Mayor Bergstrom opened the Public Hearing 7:06 PM.

Planning and Development Director Terry Schmal reviewed his staff report concerning a pre-zone action proposed so that the Carlson property can be included in an annexation that would also encompass Tentative Tract No. 5609 and the remainder of the Rosser property. Inclusion of this parcel would allow for annexation of a rectangular 51-acre territory rather than an L-shaped area that wraps around the Carlson parcel on the north and west. State guidelines for annexations discourage the creation of irregular boundaries. State law and LAFCO policies require that a property must be pre-zoned prior to annexation.

In the event of a large scale disaster anywhere in California, our radios are adaptable to almost any channel used by police or fire departments with only minimal programming required.
